## Professional Summary

Advanced Computer Engineering student and Full-Stack Web Developer.

Main stack: ReactJS for frontend and .NET (Entity Framework) as well as Node.js for backend.

Strong background in databases, RESTful API development, and modern web interfaces. Experienced in building efficient web applications and custom technological solutions.

Recognized for analytical thinking, teamwork, and a structured approach to problem-solving.

## Habilidades Técnicas

- **Languages:** JavaScript, TypeScript, C#, Python, C++, Assembly
- **Frameworks & Libraries:** Node.js, Express, .NET, Entity Framework, React
- **Databases:** PostgreSQL, MySQL, MongoDB, Firebase
- **Version Control:** Git (GitHub)
- **Other Tools & Concepts:** Docker, CI/CD (GitHub Actions), JWT auth, Testing, WebSockets, Machine Learning

## Relevant Experience

### *Development Projects (Academic & Personal)*

- **Backend Online Game**: Web Sockets, NodeJS, PostgreSQL, Redis, Docker, CI/CD, team leader.
- **API REST Delivery APP**: NodeJS, PostgreSQL, Redis, Docker, CI/CD.
- **API REST Card Tournament**: .NET, MySQL, JWT auth, React Frontend.
- **ReactJS Web Applications**: Developed responsive task schedulers, e-commerce sites, and landing pages.
- **Hackathon (AI MVP)**: Built a functional prototype within 24 hours as part of a multidisciplinary team.

- **Digital Electronics Projects:** PIC microcontroller programming in Assembly for academic assignments.

## ***Work Experience***

- **Freelance Web Developer | 2022 – Present**  
Design and development of custom, mobile-first websites for private clients.
- **English Instructor – Stepping Stones | 2023**  
Lesson planning and teaching (B1 level).
- **Other Roles (2019 – 2023):**  
Bilingual subtitler and content reviewer (remote work).

## **Education**

- **B.Sc. in Computer Engineering | National University of Córdoba – FCEFyN (2022 – Present, 3rd Year)**
- **Fullstack Development Course (.NET + React) | Extrados (2024 – 2025)**
- **Node.js Development Course | Solvd (2025)**
- **Frontend Development Course | Coderhouse (2021)**
- **Machine Learning with Python Course | National University of Córdoba (2025)**

## **Idiomas**

- Spanish: Native
- English: Professional
- Japanese: Basic
